

Call for Volunteers

Open letter to Village of Delia and Surrounding Areas residents:

There are several organizations that strive to provide facilities and services to enhance the lives of everyone, young and old, in and around the Village but these are not able to operate without volunteers.

We would like to encourage you to get involved in your community and join an organization, meet new people and get to know your community.

Here is a list of local organizations that strive to enrich the quality of lives and would love to hear from you!
